Erin,

Thanks for rounding up the two bids. Would you please proceed to put in front of the Board a motion to adopt the proposal made by Minnesota Roadways Co. (08/08/2024) to Crack fill Repairs on the roads. The amount of the bid is \$1008.00. This was the most straightforward of the two bids and best price for the crack filling project.

The second part of the bid for concrete seam seal filling is not necessary at this time.

With the positive Board acceptance of the bid and subsequent award, we will leave it up to you as the FSR management company to work with Minnesota Roadways Co. to schedule the work for sometime this Fall when the road surfaces are in the right condition for the repairs. Dwight and I would be glad to discuss with you matters of community notification about the project.

Thanks for your support!

David Doth
